If you're aged 15 to 18 and interested in a career in software development, head along to the FREE Easter Coding School in Redruth!

Whatever your level of experience our team of mentors are there to support and help you, giving you a taste of what a career in Software Development is like.

If you are already a Star Coder, that's great. We will use your skills and help prepare you for your first software development job.

If you have never written any software before, don't worry, that's great too. We'll show you how it's done and get you started on your journey to becoming a Coding Super Hero.

You will be part of a team of 4, working alongside other teams with the aim of building a working autonomous robot. You will learn about:

- SCRUM
- Raspberry Pi
- Linux
- Arduino
- Programming in C
- Git Source Control
- Basic Electronics
- Team Working
- Test Driven Development (TDD)
